## HAWAII EXCEPTED UNDER NEW RULING

### Washington Paper On Bonaparte And Immigration

The Washington (D. C.) Herald of March 8 publishes the following on the immigration situation:

It was authoritatively stated yesterday that the recent opinion of the Attorney General, in which he held that it is unlawful under the recently enacted immigration law for a State to pay the passage of intending immigrants or to assist immigration except by advertisement, will not apply to the island of Hawaii.

In that country the decision has already caused considerable agitation, as under the auspices of the Territorial Immigration Society immigrants are being brought to the island from Europe and the Azores to take the place of Japanese laborers on the sugar plantations. This has been sanctioned by the United States Government, and a shipload of immigrants recently brought from the Azores islands have proved very satisfactory.

A conference was held yesterday at the Department of Commerce and Labor on the opinion of Attorney General Bonaparte. It is not clear to the department, however, that under the law other immigrants whose passage to this country is paid by either States or individuals acting for States may be landed in America before July 1 next, when the provision of the new immigration law goes into effect.

### ASK LAW'S INTERPRETATION

Those who participated in the conference were Secretary Strauss, Solicitor Earle, and Mr. Parker and Mr. Larned, of the Department of Commerce and Labor, and Assistant Attorney General Cooley, of the Department of Justice. The Department of Commerce and Labor desires to obtain a definite interpretation of the law, because several Southern States have delegated to agents the work of securing immigrants who will locate within their borders.

It appears problematical whether, under the present law, the States have the right to induce immigration except by advertising. It is quite certain that after the 1st of next July they will not have the right, but among the lawyers who have examined Attorney General Bonaparte's opinion there is a division of opinion as to whether immigrants can be brought to this country now by the assistance of States.

## SPORTS

### HILLO RACING MEN TO HAVE GOOD PROGRAM

Hilo is not going at the Fourth of July race meet in any halfhearted manner and as there are some fine horses which have been held in the Hawaiian Islands, the promoters will feel that they have failed. Baseball, football, track games and other sports will be sandwiched into the program and will keep things going from the time the big meet starts till it is too late to see enough to judge the sports.

The Merchants' Stakes, which have already been carefully described in the Bulletin will, of course, be the event of the day and many entries are expected from the other islands. Several horses will be imported from the Coast for the express purpose of capturing the \$1000 offered, the largest purse which has ever been offered in the Hawaiian Islands.

The distance for this race is a mile and a quarter and the Coast horses may be at a slight disadvantage on account of the fact that they will not be acclimated. They will probably be brought down only a few days before the meet takes place in order that just enough time may be allowed to get the stiffness out of the animals' legs.

The Japanese stake race will be one of the most interesting features of the day. In this race there must be at least ten nominations and six starters. The winners will take the entire purse of \$150 and as there are some fine horses owned by the Orientals there is bound to be a close contest. Some of the Japanese horsemen at Waialua will send their horses to Hawaii for this race and expect to come back with the coin.

The luna race will be close and exciting, if former contests are any indication, and there will be a very large field. Some of the finest horses on Hawaii are owned by lunas on the various plantations and those not barred by the provision which forbids race horses in this contest, will fight the race out to the finish.

### OLOHUS CAN BOWL SOME

"Buck" Waterhouse and his staff of Olohu bowlers took a fall out of the Aloha last evening on the Hotel Baths alleys. After the click of the pins had died away and Scorer Gear had totaled up the scores it was found that the Olohus had dropped 2156 pins as against 1896 bowled by the lads from the University Club. This gave the Olohus a lead of 260.

In the first game the Olohus bowled a total of 899 pins or an average of 161 to the man, which is playing some. Capt. A. Waterhouse in this game rolled 295, the high score of the evening.

Babbitt was high man for the Alohas and rolled good ball. Capt. Williamson was somewhat off his game but fought hard. Thayer played steadily. Although he led his team in the last match he fell last evening. Harold Giffard bowled 'em over in good shape last evening and promises to become one of the best players on the local alleys.

Tomorrow night the D. Heads and the Wela ka Nioi teams meet in a match that will be a fight from the first to the last pin. There is much rivalry between these two teams and a hot contest is looked for.

Following was the line-up of the two teams last evening:

Olohu—Rons, Robinson, Giffard, Waterhouse, Riggs.  
Aloha—Thayer, Howland, Babbitt, Murray, Williamson.

Here is the standing up to date:

	P. W. L.	Pct.
Olohu.....	2 2 0	1000
W. K. N.....	1 1 0	1000
Aloha.....	2 0 2	000
D. H. A. C.....	1 0 1	000

### SPORTING NOTES

On March 17 Cecil Healy broke the Australian swimming record for 100 yards, doing the distance in 57 4-5 sec, only 1-5 of a second above C. M. Dunlop's world's record.

Unless Nolan, the manager of Bartling Nelson comes down in his demands there will be no fight between Nelson and Gans. Nolan wants all the best of it.

Al Neil beat Jim Hornbuckle before the Petaluma Athletic Club on March 28. The old time fighter is said to be coming back into good form.

Joe Thomas and Willie Lewis have been matched to fight in a limited round battle. The weight will be 150 pounds at 3 o'clock.

Farmer Burns defeated Jim Parr, the English wrestling champion, the other day at catch-as-catch-can, two falls out of three.

James Gyley, first vice president of the United States Steel Corporation, has made the threat that unless the government uses more armor plate, the corporation will shut down its mills for the production of that commodity. Thousands of skilled mechanics will be thrown out of employment. The government will again be at the mercy of the Midvale Steel Co., which is now a competitor of the steel trust and has been underbidding it on government contracts.
